Hosted by the United Nations Environment Programme Division of Technology, Industry and Economics, Cities and Lifestyles Unit, this webinar is co-organized with [ICLEI - Local Governments for Sustainability \(ICLEI\)](#).

The objective of the webinar is to present the initiatives, activities and achievements in the field of sustainable and innovation procurement of ICLEI, the leading global network of over 1,500 cities, towns and regions committed to building a sustainable future. Since 20 years ICLEI has been working in over 150 projects and over 100 events with public authorities driving the implementation of sustainable and innovation procurement worldwide.

This webinar is organized in the framework of the Sustainable Public Procurement Programme of the 10-Year Framework of Programmes on Sustainable Consumption and Production patterns (10YFP on SPP).

The [10YFP SPP Programme](#) is a global platform that supports the implementation of SPP around the world. It brings together a variety of stakeholders, building synergies & leveraging resources to progress towards its two major goals of **building the case for SPP** and **supporting SPP implementation on the ground**. The Programme is implemented through an extensive network of 99 partners in over 40 countries. Informative webinars are organized in order to present the SPP activities of partners and to enhance cooperation and exchange of experience.
