Launch 2021 IGPN Survey Environmentally Friendly Product/Service and Green Purchasing to Tackle Climate Change

The International Green Purchasing Network launches the Survey on Environmentally friendly products/services and Green Purchasing to tackle Climate Change, please submit your response until March 30th, 2022.

The survey aims to share knowledge among IGPN members and partners, provide implementation suggestions by using climate action and sustainable consumption and production in an integrated and coherent approach. The intention is to achieve this through the collection, comparison, analysis, and evaluation of existing practices of environmentally friendly products/services and green purchasing initiatives in addressing the climate change issue.

The scope of the survey includes, but is not limited to, members of the International Green Purchasing Network-IGPN, the expected output will be a research report summarizing all best practices.

The Deadline to reply is March 30th, 2022. Please download the document for more details and to share your practical approach for addressing climate change.

Feedbacks from the relevant interesting partners

- Indian Railway(June): at <the Switch-Asia Internal Thematic Consultative and Brainstorming Meeting on G/SPP implementation>, think it is important for the IGPN to work continuously for creating awareness, knowledge, and sharing experiences on GPP
- the Cambodian Ministry of Environment(August): Express great interest in tools/guidelines and keen to the training program, However, as they didn't initiate the GPN, they can not be the GPN member at present
- Other relevant enquiries for the survey

What will do next

- ❑ Enforcement the communication among and beyond members
- ❑ Focus on the hot topic of 3 environmental issues, climate change, biodiversity loss and pollutions
- ❑ Bringing attractive activities in, for example, might be the trail of IGPN Green Purchasing Awards, Participating in the exhibitions of environmental friendly products; Provide the role of manufacturers or private sector
- ❑ Capacity buildings
